KINGS OF ITALY DUET, PART 1 FAUSTO I am the darkness, the man whose illicit empire stretches around the globe. Not many have the courage for what needs to be done to maintain power . . . but I do. And I always get what I want. Including my son's fiancée. She's mine now, and I'll use Francesca any way I see fit. She's the perfect match to my twisted desires, and I'll keep her close, ready and waiting at my disposal. Even if she fights me at every turn. FRANCESCA I was stolen away and held prisoner in Italy, a bride for a mafia king's only heir. Except I'm no innocent, and it's the king himself-the man called il Diavolo-who appeals to me in sinful ways I never dreamed. Fausto's wickedness draws me in, his power like a drug. And when the devil decides he wants me, I'm helpless to resist him-even if it means giving myself to him, body and soul. He may think he can control me, but this king is about to find out who's really the boss. \*\*\*\*\* MAFIA MISTRESS is a full-length mafia romance written by a USA Today Bestselling author. It's the first book in the Italian Kings duet, not a standalone.

From the author of The Real History Behind the Templars--the origins and stories behind end-of-the-world predictions throughout history, from Revelations to 2012. In entertaining and sharp prose, historian Sharan Newman explores theories of world destruction from ancient times up to the present day--theories which reveal as much about human nature as they do about the predominant historical, scientific, and religious beliefs of the time. Readers will find answers to the following end-of-times questions: ?Did the Mayans really say the world will end in December 2012? ?How have the signs in the New Testament Book of Revelations been interpreted over the years? ?How did ancient Egyptians, Norse, and Chinese think the world would end? ?When did Nostradamus predict that the last days would come? ?Does the I Ching reference 2012? ?Why didn't the world end in Y2K? ?Are meteors, global warming, super-volcanoes, and the threat of nuclear war signs that the end is near?

An essential tool for writers, editors, proofreaders, designers, copywriters, production managers, and marketers too.The Christian Writer's Manual of Style is an essential tool not only for writers of religious materials, but for their editors, proofreaders, designers, copywriters, production managers, and even marketers. Rather than simply repeating style information commonly available in standard references, this newly updated and expanded edition includes points of grammar, punctuation, usage, book production and design, and written style that are often overlooked in other manuals. It focuses on information relating to the unique needs and demands of religious publications, such as discussions on how to correctly quote the Bible, how to capitalize and use common religious terms, and how to abbreviate the books of the Bible and other religious words. Also included are rarely found items such as: an author's guide to obtaining permissions| guidelines for using American, British, and Mid-Atlantic styles| discussions of inclusive language, profanity, and ethnic sensitivities| discussions of Internet and computer-related language style| a list of problem words| style issues regarding words from major world religions| a discussion of handling brand names in text| a list of common interjections| issues of type design, paper, copy-fitThis edition has been completely updated since the 1988 edition and contains more than twice as much information as the previous edition. This is the most detailed and comprehensive guide of its kind.

Yoga today connotes many images and ideas -- from holy men on a high mountaintop to throngs of young women toting designer mats. Yoga, meaning 'union,' is actually a many-layered discipline designed to help an individual attain health, serenity, focus, and ultimately, union with the Divine. Aleister Crowley was one of the first Europeans to practice yoga and believed the practice was essential to spiritual growth, stating that 'Magick is a Pyramid built layer by layer. The work of the Body of Light -- with the technique of Yoga -- is the foundation of the whole.' This succinct and uniquely helpful book explores the frequently overlooked importance of bringing a healthy body and a clear-thinking mind to the practice of ceremonial magick or Wicca. While many books on magick discuss the importance of ritual, almost none point to the physical, spiritual, and moral quality necessary to make those rituals effective. Spiritual power demands physical health and the contemporary western practitioner can learn much from the ancient tradition of yoga.
