Airvac was one of the early pioneers in vacuum technology.. Our first U.S. municipal vacuum sewer system was installed in the early 70 ' s. The determination to continually improve this “ new technology ” created a company culture of “ customer first ” which still exists today in a staff that is passionate, experienced and committed.

Airvac - Aqseptence Group

AirVac motor brushes should be checked every five years in typical residential applications and should be replaced if the 3/4 inch-long solid carbon "brush" is worn down to anywhere near 3/16 inch. Here are instructions for Checking and replacing vacuum motor brushes. Motor brushes conduct electricity into the motor while touching the center shaft.
