Production and release. NBC commissioned the series in May 2014 under the title *Odyssey*, but only three weeks before the premiere, the network decided to change the title to *American Odyssey*, stating that this "better reflects the journey undertaken by lead character Odelle". However, many commentators regarded as an attempt by NBC to piggyback on the box office success of *American Sniper* and ...

A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts.

A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts.

Caribbean immigrants have now become part of the social landscape of many American cities. Few studies, however, have treated in detail the process of their integration in American society. *American Odyssey* assesses the development and adaptation, in both human and socio-economic terms, of the Haitian immigrant community in three boroughs of New York City. An informed and well-rounded portrayal of a Caribbean community in New York, this book offers a fresh theoretical view of the structuring of urban ethnicity and provides the ethnographic background essential to understanding the problems of the Haitian population in the United States.

Tells the story of groups of unemployed midwesterners who marched on Washington, D.C. during the depression years of 1893 and 1894 and examines newspaper accounts of their plight

By the time of his death in 1988, Romare Bearden was most widely celebrated for his large-scale public murals and collages, which were reproduced in such places as *Time* and *Esquire* to symbolize and evoke the black experience in America. As Mary Schmidt Campbell shows us in this definitive, defining, and immersive biography, the relationship between art and race was central to his life and work -- a constant, driving creative tension. Bearden started as a cartoonist during his college years, but in the later 1930s turned to painting and became part of a community of artists supported by the WPA. As his reputation grew he perfected his skills, studying the European masters and analyzing and breaking down their techniques, finding new ways of applying them to the America he knew, one in which the struggle for civil rights became all-absorbing. By the time of the March on Washington in 1963, he had begun to experiment with the Projections, as he called his major collages, in which he tried to capture the full spectrum of the black experience, from the grind of daily life to broader visions and aspirations. Campbell's book offers a full and vibrant account of Bearden's life -- his years in Harlem (his studio was above the Apollo theater), to his travels and commissions, along with illuminating analysis of his work and artistic career. Campbell, who met Bearden in the 1970s, was among the first to compile a catalogue of his works. *An American Odyssey* goes far beyond that, offering a living portrait of an artist and the impact he made upon the world he sought both to recreate and celebrate.

Excerpts from student journals and photographs mark a Hofstra University professor's account of his "travelling classroom," in which seventeen students took a six-week bus tour across America, reading, meeting cultural heroes, and experiencing the country. 25,000 first printing.

Winner of the 1991 PEN/Jerard Fund Award, *Talking to High Monks in the Snow* captures the passion and intensity of an Asian-American woman's search for cultural identity.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
