Corrosion and conservation of cultural heritage metallic artefacts. Philippe Dillmann, David Watkinson, Emma Angelini, Annemie Adriaens. The conservation of metallic archaeological and historic artifacts is a major challenge, whether they are ancient bronzes or relics of the more recent industrial past. Based on the work of Working Party 21 Corrosion of Archaeological and Historical Artefacts within the European Federation of Corrosion (EFC), this important book summarizes recent research on ...

The role of standards in conservation methods for metals ...

Conservation and restoration of metals is the activity devoted to the protection and preservation of historical (religious, artistic, technical and ethnographic) and archaeological objects made partly or entirely of metal. In it are included all activities aimed at preventing or slowing deterioration of items, as well as improving accessibility and readability of the objects of cultural heritage.
