In this new edition of their groundbreaking book *Strategies That Work*, Stephanie Harvey and Anne Goudvis share the work and thinking they've done since the second edition came out a decade ago and offer new perspectives on how to explicitly teach thinking strategies so that students become engaged, thoughtful, independent readers. Thirty new lessons and new and revised chapters shine a light on children's thinking, curiosity, and questions. Steph and Anne tackle close reading, close listening, text complexity, and critical thinking in a new chapter on building knowledge through thinking-intensive reading and learning. Other fully revised chapters focus on digital reading, strategies for integrating comprehension and technology, and comprehension across the curriculum. The new edition is organized around three sections: Part I provides readers with a solid introduction to reading comprehension instruction, including the principles that guide practice, suggestions for text selection, and a review of recent research that underlies comprehension instruction. Part II contains lessons to put these principles into practice for all areas of reading comprehension. Part III shows you how to integrate comprehension instruction across the curriculum and the school day, particularly in science and social studies. Updated bibliographies, including the popular "Great Books for Teaching Content," are accessible online. Since the first publication of *Strategies That Work*, more than a million teachers have benefited from Steph and Anne's practical advice on creating classrooms that are incubators for deep thought. This third edition is a must-have resource for a generation of new teachers--and a welcome refresher for those with dog-eared copies of this timeless guide to teaching comprehension.

Evidence-Based Reading for grade 4 offers 64 pages of reading practice. It is aligned with the Common Core State Standards and includes a reading comprehension rubric, a standards alignment chart, and pages of reading passages with evidence-based questions to encourage higher-level thinking and thoughtful answers. Each question is designed so that students learn to support their answers with evidence from the text. A variety of literature and informational passages are included to engage learners in a range of texts. The Applying the Standards: Evidence-Based Reading series emphasizes close reading by requiring students to answer text-dependent questions in both literary and informational texts. This is a series of six 64-page books for students in kindergarten to grade 5. Various reading and vocabulary skills are covered, and a culminating reflection question for each passage engages students' higher-level thinking skills. Of particular emphasis throughout the series are the Common Core State Standards and the teaching of evidence-based reading.

The long-awaited fourth collection by one of America's foremost poets O Lord of indirection and ellipses, ignore our prayers. Deliver us from distraction. Slow our heartbeat to a cricket's call. --from "Prophecy" Pity the Beautiful is Dana Gioia's first new poetry book in over a decade. Its emotional revelations and careful construction are hard won, inventive, and resilient. These new poems show Gioia's craftsmanship at its finest, its most mature, as they make music, crack wise, remember the dead, and in a long, central poem even tell ghost stories.
