Yukikaze | Anime-Planet
In Good Luck, Yukikaze, he is not a JAM, but he stages the coup to destabilize the FAF in order to take control of the JAM with the help of their human clones. He executes several innocent System Corps. technicians through use of the BAX-4 Powered Armor while maneuvering his agents into place.

The alien JAM have been at war with humanity for over thirty years...or have they? Rei Fukai of the FAF's Special Air Force and his intelligent plane Yukikaze have seen endless battles, but after declaring "Humans are unnecessary now," and forcibly ejecting Fukai, Yukikaze is on her own. Is the target of the JAM's hostility really Earth's machines? And have the artificial intelligences of Earth been acting in concert with the JAM to manipulate Yukikaze? As Rei tries to ascertain the truth behind the intentions of both sides, he realizes that his own humanity may be at risk, and that the JAM are about to make themselves known to the world at large. -- VIZ Media

More than thirty years ago, a hyper-dimensional passageway suddenly appeared over the continent of Antarctica, the first stage of an attempted terrestrial invasion by an enigmatic alien host. Humanity, united by a common enemy, managed to push the invaders back through the passageway to the strange planet nicknamed "Faery." A special air-combat force was then created to go there and eliminate the alien bases once and for all. Now, in the midst of a war with no end in sight, Second Lieutenant Rei Fukai carries out his missions in the perilous skies over Faery. Attached to the 5th Squadron of the FAF's Special Air Force, an elite tactical combat and surveillance unit, his duty is to gather information on the enemy and bring it back--no matter the cost. His only constant companion in this lonely task is his fighter plane, the sentient FFR-31 Super Sylph: YUKIKAZE. -- VIZ Media

A military scifi classic, by one of the modern masters of world science fiction. A military scifi classic, by one of the modern masters of world science fiction. Reads L to R (Western Style). More than thirty years ago, a hyper-dimensional passageway suddenly appeared over the continent of Antarctica. Fighters from the mysterious alien force known as the JAM poured through the passage, the first wave an attempted terrestrial invasion. Their ferocity was unquestionable, their aim unknown. Humanity, united by a common enemy, managed to repel the invaders, chasing them back through the passageway to the strange planet nicknamed “Fairy.” The task of finishing the battle was given to the newly formed FAF, a combat force created to go to Fairy and eliminate the JAM bases once and for all. Now, in the midst of a war with no end in sight, Second Lieutenant Rei Fukai carries out his missions in the skies over Fairy. Attached to Tactical Combat and Surveillance Unit 3 of the Special Air Force, his duty is to gather information on the enemy and bring it back to base—no matter the human cost. His only constant companion in this lonely task is his fighter plane, the sentient FFR-31 Super Sylph, call sign: Yukikaze.

A grim futuristic account of Egyptian society in the year 2023, Utopia takes readers on a chilling journey beyond the gated communities of the North Coast where the wealthy are insulated from the bleakness of life outside the walls. When a young man and a girl break out from this bubble of affluence in order to see for themselves the lives of their impoverished fellow Egyptians they are confronted by a world that they had not imagined possible. Breathtaking and suspenseful, Utopia's twists and turns will keep readers guessing until the very last page, and may leave some wondering whether this is a vision of the future that is not too far away.

Etsuro Sakagami is a college freshman who simply drifts through life, but when he logs on to the combat MMO Versus Town, he becomes Tetsuo, a karate champ on his way to becoming the most powerful martial artist around. While his relationship with new classmate Fumiko goes nowhere, Etsuro spends his days and nights online in search of the invincible Ganker Jack. Drifting between the virtual and the real, will Etsuro ever be ready to face his most formidable opponent? -- VIZ Media

When luckless Raymond Jardine becomes Sean Delancey's eleventh-grade-English project partner, he persuades Sean's grandfather to pose as a long-deceased, obscure Canadian poet, in an effort to pass the course and win a vacation to a luxurious Greek island.

From a New York Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system—Mars, the Moon, the Asteroid Belt and beyond—but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for—and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations—and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe. "Interplanetary adventure the way it ought to be written." —George R. R.
