Edmund Husserl crisis Husserl's Crisis Of The European

It was to become the seed of his last great work, *The Crisis of European Sciences and Transcendental Phenomenology* (1936), which would codify phenomenology as the last great manifestation of German idealism, and in which Husserl introduces a new method, one that is teleological-historical and phenomenologically grounded. Such a method of historical reflection is possible only if

Husserl's Crisis of the European Sciences and ...

Husserl's phenomenological analysis ended in the radical analysis of the whole development of modern science. The sections given here indicate the fundamental problem, the historical approach to its elucidation, and the discovery of Descartes as the pivotal figure who originated the essential character of modern scientific & philosophic consciousness.

Husserl's "Crisis of the European Sciences" : Edmund ...

The crisis of European existence can end in only one of two ways: in the ruin of a Europe alienated from its rational sense of life, fallen
