Janet Burroway's bestselling *Imaginative Writing: The Elements of Craft* explores the craft of creative writing in four genres: Fiction, Poetry, Drama, and Creative Nonfiction. A trade author as well as a professor of creative writing, Burroway brings her years of teaching and writing to this book. "Try-This" exercises appear throughout each chapter. Provocative and fun, these exercises help writers develop the specific writing skills discussed within the text. "Working toward a draft" exercises encourage writers to develop their ideas into complete drafts. In response to reviewer requests, the preface "Invitation to the Writer" has been expanded into a full chapter. This new chapter introduces writers to important skills such as reading like a writer, journaling, and participating in the writer's workshop. This book offers lots of ideas and encouragement at a great price!

Club*, *Nylon*, *The Week*, *The Rumpus*, *The Millions*, *The Guardian*, *Publishers Weekly*, and more. "A lyrical work of self-discovery that's shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning." --Ron Charles, *The Washington Post* Poet Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling *On Earth We're Briefly Gorgeous* is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born -- a history whose epicenter is rooted in Vietnam -- and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, *On Earth We're Briefly Gorgeous* is as much about the power of telling one's own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: *GQ*, *Kirkus Reviews*, *Booklist*, *Library Journal*, *TIME*, *Esquire*, *The Washington Post*, *Apple*, *Good Housekeeping*, *The New Yorker*, *The New York Public Library*, *Elle.com*, *The Guardian*, *The A.V. Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai's first picture book, inspired by her own childhood. Malala's first picture book will inspire young readers everywhere to find the magic all around them. As a child in Pakistan, Malala made a wish for a magic pencil. She would use it to make everyone happy, to erase the smell of garbage from her city, to sleep an extra hour in the morning. But as she grew older, Malala saw that there were more important things to wish for. She saw a world that needed fixing. And even if she never found a magic pencil, Malala realized that she could still work hard every day to make her wishes come true. This beautifully illustrated volume tells Malala's story for a younger audience and shows them the worldview that allowed Malala to hold on to hope even in the most difficult of times. "This is a wonderful read for younger students that will also provide insight and encourage discussion about the wider world. ... The simplicity of Yousafzai's writing and the powerful message she sends, make this book inspirational for all." -- *School Library Journal*

With clarity, verve, and the sure instincts of a good teacher, bestselling author Madison Smartt Bell illuminates the process of narrative design.
