International business law is the practice of law in the global business community. It includes a focus on economics and the law, international commercial transactions, licensing, tariffs and taxes, and many other topics. International business law varies by jurisdiction. It builds on top of basic business law concepts by expanding them to an international arena.

Get Free International Business Law

International Commercial Law is a body of legal rules, conventions, treaties, domestic legislation and commercial customs or usages, that governs international commercial or business transactions. A transaction will qualify to be international if elements of more than one country are involved. Lex mercatoria refers to that part of international commercial law which is unwritten, including customary commercial law; customary rules of evidence and procedure; and general principles of commercial law.
