Through an investigation of the body and its oppression by the church, the medical profession and the state, Dangerous bodies reveals the actual horrors lying beneath fictional horror in settings as diverse as the monastic community, slave plantation, operating theatre, Jewish ghetto and battlefield trench. It provides original

readings of canonical Gothic literary and film texts including *The Castle of Otranto*, *The Monk*, *Frankenstein*, *Dracula* and *Nosferatu*. This collection of dangerous bodies is traced back to the effects of the English Reformation, Spanish Inquisition, French Revolution, Caribbean slavery, Victorian medical malpractice, European anti-Semitism and finally warfare. The endangered or dangerous body lies at the centre of the clash between victim and persecutor and has generated tales of terror and narratives of horror, which function to either salve, purge or dangerously perpetuate such oppositions.

This title examines the history of the Washington Redskins, telling the story of the franchise and its top players, greatest games, and most thrilling moments. This book includes informative sidebars, high-energy photos, a timeline, a team file, and a glossary. SportsZone is an imprint of Abdo Publishing Company.

As the European Union (EU) launches its common currency (the Euro), Central European (CE) nations are searching for best practices in public liability management in order to

smooth their integration into the EU. This work addresses that concern, examining borrowing policies, institution building, portfolio optimization, and the implications of the Euro and EU accession for public debt management. To help the CE countries achieve their goals, the World Bank and the European Commission held a two-day seminar in Brussels in mid-December 1997. European Union Accession presents the papers delivered at that seminar which was attended by all ten EU applicant countries: Bulgaria, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, the Slovak

Republic, and Slovenia. The workshop pursued the following goals: 1. to investigate the implications of the launch of the Euro and of the EU accession on fiscal prudence and on the borrowing strategies of CE countries; 2. to facilitate the dissemination of the best public liabilities management techniques developed worldwide; and 3. to explore plausible arrangements to promote prudent public liabilities management in Central Europe through a regional expertise network.

For the aficionado of farm equipment, or the scion of an old farming family nostalgic for the old days, or the grown-up boy who still loves a classic piece of old-time machinery, the vintage tractor can be a thrilling find like no other. This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more

Carbohydrates give the body energy. They are in many foods people eat each day. But some carbohydrates are healthier than others. Your Body on Carbohydrates uncovers the nutritional benefits of carbohydrates, how they interact with the body, and how to include them as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary,

desperate news. Holliday's niece—and Rafi's fiancé—Peggy has been kidnapped. Holliday sets out with Rafi to find the only family he has left. But their search for Peggy will lead them to a trail of clues that spans across the globe, and into the heart of a conspiracy involving an ancient Egyptian legend and the darkest secrets of the Order of Templar Knights. Secrets that, once known, cannot be survived...
