Produced in collaboration with the Geographical Association the Longman Student Atlas combines stunning, visual maps from Dorling Kindersley and the curriculum understanding of Longman to give you an atlas of the highest quality for all GCSE levels and specifications.

# Online Library Longman Student Atlas

For ages 10-14 years this atlas combines excellent reference mapping with imaginative ways for the student to develop map-reading skills and gain experience in using and understanding both large and small-scale maps.

This student atlas contains reference maps, as well as topic maps, the latter covering climate, ecosystems, population, economic activities and development issues. The maps are divided into national, continental and world coverage.

This edition has been revised and up-dated to 2001 and features: a range of reference maps designed for educational use, and classroom-tested; topic maps including climate, population, economic activities and development issues; satellite images with supporting maps to illustrate key environmental issues; a range of world maps on environmental and socio-economic topics; data and statistics from international sources; and a comprehensive index with full latitude and longitude co-ordinates.
