Le titre Lovecraft Country est un peu énigmatique dans la mesure où il est difficile d'évoquer l'oeuvre du maître de Providence pour un ouvrage qui est essentiellement consacré au racisme anti-noire après la guerre de Corée : bien sûr le personnage centrale, Atticus, vétéran de la guerre de Corée est un passionné d'histoires d'horreurs et de pulps et connaît lui même sur le bout des doigts l'oeuvre de Lovecraft.

One of NPR's Best Books of 2016, winner of the Shirley Jackson Award, the British Fantasy Award, the This is Horror Award for Novella of the Year, and a finalist for the Hugo, Nebula, Locus, World Fantasy, and Bram Stoker Awards *People move to New York looking for magic and nothing will convince them it isn't there. Charles Thomas Tester hustles to put food on the table, keep the roof over his father's head, from Harlem to Flushing Meadows to Red Hook. He knows what magic a suit can cast, the invisibility a guitar case can provide, and the curse written on his skin that attracts the eye of wealthy white folks and their cops. But when he delivers an occult tome to a reclusive sorceress in the heart of Queens, Tom opens a door to a deeper realm of magic, and earns the attention of things best left sleeping. A storm that might swallow the world is building in Brooklyn. Will Black Tom live to see it break?* "LaValle's novella of sorcery and skullduggery in Jazz Age New York is a magnificent example of what weird fiction can and should do." — Laird Barron, author of *The Beautiful Thing That Awaits Us All* "[LaValle] reinvents outmoded literary conventions, particularly the ghettos of genre and ethnicity that long divided serious literature from popular fiction." — Praise for *The Devil in Silver* from Elizabeth Hand, author of *Radiant Days* "LaValle cleverly subverts Lovecraft's Cthulhu mythos by imbuing a black man with the power to summon the Old Ones,

Jane Charlotte has been arrested for murder. During questioning, she tells the police that she is a member of a secret organisation. Her division, the Bad Monkeys, is an execution squad, determined to rid the world of evil people. But the man she has just killed was not on the target list. As her story becomes more bizarre the question becomes: Is Jane lying, crazy - or playing a different game altogether?

"We're doomed." So begins the work of the philosopher whose unabashed and aphoristic indictments of the human condition have been cropping up recently in popular culture. Today we find ourselves in an increasingly inhospitable world that is, at the same time, starkly indifferent to our species-specific hopes, desires, and disappointments. In the Anthropocene, pessimism is felt everywhere but rarely given its proper place. Though pessimism may be, as Eugene Thacker says, the lowest form of philosophy, it may also contain an enigma central to understanding the horizon of the human. Written in a series of fragments, aphorisms, and prose poems, Thacker's *Cosmic Pessimism* explores the varieties of pessimism and its often-conflicted relation to philosophy. "Crying, laughing, sleeping—what other

responses are adequate to a life that is so indifferent?"

"The Book" is an unfinished short story by American horror fiction writer H. P. Lovecraft, believed to have been written in late 1933. It was first published in the journal *Leaves* in 1938, after Lovecraft's death. In the story fragment, the narrator is given an ancient book by a strange bookseller, and when he takes it home and examines it, weird and sinister events ensue.

Link Williams is a handsome and brilliant Dartmouth graduate who tends bar due to the lack of better opportunities for an African American man in a staid mid-century Connecticut town. The routine of Link's life is interrupted when he intervenes to save a woman from a late-night attack. Drinking in a bar together after the incident, "Camilo" discovers that her rescuer is African American and he learns that she is white. Unbeknownst to him, "Camilo" (actually Camilla Treadway Sheffield) is a wealthy married woman who has crossed the town's racial divide to relieve the tedium of her life. Thus brought together by chance, Link and Camilla draw each other into furtive encounters that violate the rigid and uncompromising social codes of their own town and times. As *The Narrows* sweeps ahead to its shattering denouement, Petry shines a harsh yet richly truthful light on the deforming harm that race and class wreak on human lives. In a fascinating introduction to this new edition, Keith Clark discusses the prescience with which Petry chronicled the ways tabloid journalism, smug elitism, and mob mentality

distort and demonize African American men.

A New York Times Notable Book of 2020† The first book to explore the historical role and residual impact of the Green Book, a travel guide for black motorists. Published from 1936 to 1966, the Green Book was hailed as the “black travel guide to America.” At that time, it was very dangerous and difficult for African-Americans to travel because black travelers couldn’t eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage to be listed in the Green Book, and *Overground Railroad* celebrates the stories of those who put their names in the book and stood up against segregation. It shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America.
