As Judy Gruen walked down the aisle and into her Orthodox Jewish future, her bouquet quivered in her shaky hand. Having grown up in the zeitgeist that proclaimed, "If it feels good, do it," was she really ready to live the life of "rituals, rules, and restraints" that the Torah prescribed? *The Skeptic and the Rabbi* is a rare memoir with historical depth, spirituality, and intelligent humor. Gruen speaks with refreshing honesty about what it means to remain authentic to yourself while charting a new yet ancient spiritual path at odds with the surrounding culture, and writes touchingly about her family, including her two sets of grandparents, who influenced her in wildly opposite ways. As she navigates her new life with the man she loves and the faith she also loves—surviving several awkward moments, including when the rabbi calls to tell her that she accidentally served unkosher food to her Shabbat guests—Gruen brings the reader right along for the ride. Reading this wry, bold and compelling memoir, you'll laugh, you'll cry, and when you're finished, you may also have a sudden craving for chicken matzo ball soup—kosher, of course.

“I had my fat tested today. It came back positive.” Facing this inescapable observation, Judy Gruen set out to lose fifteen pounds in time for a college reunion. But as she discovered, no two diet “experts” agree on anything, even whether lentils are good for people with Type A blood. Originally published as *Till We Eat Again: Confessions of a Diet Dropout*, this newly revised and updated edition, *Till We Eat Again: A Second Helping*, remains a classic and hilarious chronicle of one woman's real-life attempt to make sense out of diets named “Bad Carbohydrates and the Women Who Love Them,” and compounds like “Hyper-Meta-Phedra-Bolic,” which may boost metabolism but also might cause cardiac arrest. During her quest for thinness, Judy also belly dances to the “camel,” runs laps while an Army major blows his whistle at a fitness boot camp, and gets tangled in yoga positions so bizarre the paramedics need the “Jaws of Life” to get her out. She also tries to avoid diet despair as medical researchers conclude that even drinking too much water can kill you. After months of these and other indignities, she'll even earn a little star from *Weight Watchers* for losing five pounds. This book offers equal measures of comedy and inspiration for anyone who wants to lose five or fifty pounds.”

laughed out loud because this book is so funny and so true. I loved it! Judy's witty takeaway on diet scams is hysterical, and that detoxsection I was ROTFL! Jennifer Cohen, author and founder of No Gym Required; fitness spokesperson, Weight Watchers Who among us has not felt terror upon hearing the words, 'Reunion coming up?' Fortunately, Judy Gruen's terror is tastier than a Twinkie and half the calories. Come to think of it, ZERO calories. So indulge! Lenore Skenazy, author of the book and blog, Free-Range Kids; host of Discovery/TLC International's World's Worst Mom If I had to get dragged to the gym, I'd want to pull up my mat next to Judy Gruen. She dreams of donuts during bicep curls! Who can't relate to that? Celia Rivenbark, author of the New York Times bestseller, You Don't Sweat Much for a Fat Girl Judy Gruen has found the funny in dropping those stubborn pounds and lightly sautéed it into a deliciously fun book. Go ahead and pile on a generous helping! Jen Singer, author of You're a Good Mom (and Your Kids Aren't So Bad Either); founder of MommaSaid.net

The days of the image brands are over, and "new marketing" has gone mainstream. The world's biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke's and author of *The New Marketing Manifesto*, whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In *The Brand Innovation Manifesto*, he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people's lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the "brand molecule" to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands.
