Australia's largest library of construction cost information, providing vital data to all those involved in small projects.

"You can be lonely anywhere, but there is a particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. The Lonely City is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How do we live, if we're not intimately involved with another human being? How do we connect with other people, particularly if our sexuality or physical body is considered deviant or damaged? Does technology draw us closer together or trap us behind screens? Olivia Laing explores these questions by travelling deep into the work and lives of some of the century's most original artists, among them Andy Warhol, David Wojnarowicz, Edward Hopper, Henry Darger and Klaus Nomi. Part memoir, part biography, part dazzling work of cultural criticism, The Lonely City is not just a map, but a celebration of the state of loneliness. It's a voyage out to a strange and sometimes lovely island, adrift from the larger continent of human experience, but visited by many - millions, say - of souls"--

You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . . admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

All his life, Chris Butsch lived on the fast track to success. Go to school, get good grades, get a job, profit. That's how it works, right? So he thought, until he was diag-nosed with clinical depression in his early twenties. Determined to find a long-term cure, Chris began a worldwide quest to conquer the plague of unhappiness blanketing the Millennial generation. On the way, Chris interviewed hundreds of psychologists, swamis, millionaires, monks, and Millennials from thirty-one different countries, devouring decades of positive psychology research as he went.

Eager to share his discoveries, Chris walks readers through the essentials of building a happy life: Discerning the difference between true happiness vs. fleeting pleasures; Tailoring your environment for optimum performance through improved sleeping habits and exercise goals; Optimizing focus and gray matter through meditation and mindfulness. With wit, humor, and charm, Chris artfully captures the struggle of Millennials nationwide while crafting intelligent, actionable, and science-backed solutions. A must-read for any young person, or anyone trying to make their way in the world, *The Millennial's Guide to Making Happiness, Volume I*, puts a humorous, personal, and scientific spin on the pursuit of happiness.

Based on the successful *Baby Owner's Manual*, *The Baby Owner's Maintenance Log* presents a refreshing alternative to traditional sugar-sweet baby journals. Hip parents can record all major milestones and measurements in these pages, including the arrival of the unit, fuel preferences and speech activation. Spiral binding, hilarious illustrations and a bound-in envelope for keepsakes make this guided journal a great shower gift.

A New York Review Books Original *Hav* is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

This comprehensive reference covers the full spectrum of technical data required to estimate costs for major construction projects. Widely used in the industry for tasks ranging from routine estimates to special cost analysis projects, the book has been completely updated and reorganized with new and expanded technical information. *RSMeans Estimating Handbook* will help construction professionals: Evaluate architectural plans and specifications Prepare accurate quantity takeoffs Compare design alternatives and costs Perform value engineering Double-check estimates and quotes Estimate change orders **FEATURES:** This new edition includes expanded coverage of: Construction specialties—green building, metal decking, plastic pipe, demolition items, and more Preliminary or square foot estimating tools Updated city cost indexes to adjust costs—by trade—for 30 major cities Historic indexes to factor costs for economic effects over time Complete reorganization to the newest CSI MasterFormat classification system

Today's world is full of ups and downs and young people must guard their mental health. Whether it is dealing with the realities of COVID-19, depression, anxiety, anger, grief, guilt, low self-esteem, or the stresses of everyday life, a person's mental health can suffer. There is no better way to guard mental health than through journaling. Unlike the complexity of other journals that prompt writing about something that is irrelevant to a person's life or steers them away from what they are truly feeling or experiencing, this journal is simple and open. It allows for TRUE expression. This journal was composed by the award-winning team at The Therapy Institute. The Therapy Institute boasts nearly two decades of working with children from all

Online Library Plantronics Vista M12 Manual

walks of life and their tried-and-true methods have been utilized to maintain the mental and physical health of children from around the world.
