SMEs lagged in e-commerce adoption behind other similarly developed countries, including New Zealand, the U.S., Japan, Canada, Sweden and Singapore. The sluggish pace of e-commerce diffusion in the SME sector has been attributed to various adoption barriers that are faced by SMEs. These barriers have been well documented in numerous research studies.

## ~~Barriers to E-Commerce Adoption in SMEs: Underlying ...~~

A research study is being conducted to examine how UK SME music retailers perceive e-commerce, in an effort to understand how a critical retail sector can be supported to capitalise on digital technology in a post-Covid-19 retail landscape. One business sector that has received very little research into its use of e-commerce is SME music retail.
