A former Dallas Seminary professor describes his personal journey away from a dispensational view of spiritual gifts into a fuller experience of the Spirit. Deere provides strong biblical defense for the Spirit's speaking and healing ministries today and recounts several well-documented cases of people who were miraculously healed or who heard God speak in an unmistakable way.

When Jack Deere turned seventeen, he did not know God or a single verse of Scripture. At twenty-seven, he became a professor of Old Testament Exegesis and Semitic Languages at Dallas Theological Seminary. He started and pastored an influential church in Ft. Worth, Texas. He taught his church and his students that God no longer gave the "miraculous gifts of the Spirit" or spoke outside the pages of Scripture. After teaching seminary for ten years, a bestselling author shocked Deere when he told him that he not only believed God was regularly healing people today, but that he had seen undeniable miracles in answer to his prayers. For the next four months, Deere studied every healing story in the New Testament. This time he came to those stories with the open mind of a scholar, completely at home in the original languages of the Bible, not as a glibbule student swallowing the prejudices of his teachers. At the end of those four months, Deere was convinced, against his will, that God was still healing and speaking just as he had done in the New Testament. Deere and his wife Leesa began to pray for people in their church and witnessed dramatic, documented healings. In Why I Am Still Surprised by the Power of the Spirit, Deere demonstrates that the Scriptures teach that God is healing and speaking today just as he did 2000 years ago. He tells documented stories of modern miracles. He explains the nature of spiritual gifts, defines each spiritual gift, offers sound advice on discovering and using the gifts in church today. He shows how all of this part of God's way of deepening our friendship with him. A modern classic, Surprised by the Power of the Spirit was published twenty-five years ago, and in that book Deere claimed that he would live long enough to see the majority of conservative evangelicals come to believe in all the gifts of the Spirit. That has come true. The theological landscape has changed dramatically. Nearly completely rewritten, this new edition still offers that proof but has about seventy percent new material on the practical matters of experiencing and using spiritual gifts. For example, anyone who prays regularly for the sick will encounter demonic power. Demons pop up all over the Synoptic Gospels. There are two new chapters on ministering to the demonized. There is much confusion on what it means to be filled with the Spirit today. Deere takes three chapters to examine every use of "filled with the Spirit" and "full of the Spirit" in the New Testament to show why and how God still fills his servants with the Holy Spirit. There are many new stories of God's power, even walking on water and multiplying food. Deere also introduces the newest literature defending and explaining the gifts of the Spirit. All this and more continues the book's legacy for a new time.

What caused a former Dallas Seminary professor to believe that the miraculous gifts of the Holy Spirit are being given today? What convinced someone skeptical about miracles that God still speaks and heals? A dramatic change took place in Jack Deere's life when he took a fresh look at the Scriptures. He discovered that his cherished arguments against miraculous gifts were based more on prejudice and a lack of personal experience than on the Bible. As soon as Deere became a seeker instead of a skeptic, the Holy Spirit revealed himself in new and surprising ways. In Surprised by the Power of the Spirit, Jack Deere provides a strong biblical defense for the Spirit's speaking and healing ministries today. He also describes several reliable cases of people who were miraculously healed or who heard God speak in an unmistakable way. Finally, he gives sound advice for using spiritual gifts in the church. Written in popular style-with the care of a scholar but the passion of personal experience-this book is a vital resource for people on both sides of the debate about miraculous gifts.

Tells of the place which prayer, the Beatitudes and the gifts of the Holy Spirit should occupy in your daily life.

If You Believe Miraculous Gifts Have Ceased, You're in for a Big Surprise! What caused a former Dallas Seminary professor to believe that the miraculous gifts of the Holy Spirit are being given today? What convinced someone skeptical about miracles that God still speaks and heals? A dramatic change took place in Jack Deere's life when he took a fresh look at the Scriptures. He discovered that his arguments against miraculous gifts were based more on prejudice and lack of personal experience than on the Bible. As soon as Deere became a seeker instead of a skeptic, the Holy Spirit revealed himself in new and surprising ways. In Surprised by the Power of the Spirit, Deere provides a strong biblical defense for the Spirit's speaking and healing ministries today. He also describes several reliable cases of people who were miraculously healed or who heard God speak in an unmistakable way. Finally, he gives sound advice for using spiritual gifts in the church. Written in a popular style, with the care of a scholar but the passion of personal experience, this book explores: - The real reason Christians do not believe in miraculous gifts - Responding to Charismatic abuses - Were miracles meant to be temporary? - Why God still heals "Must! reading for all Bible-believing Christians. I wish with all my heart I could place it in the hands of every conservative evangelical." - James Robison, Life Outreach International

At thirteen, Danya Ruttenberg decided that she was an atheist. Watching the sea of adults standing up and sitting down at Rosh Hashanah services, and apparently giving credence to the patently absurd truth-claims of the prayer book, she came to a conclusion: Marx was right. As a young adult, Danya immersed herself in the rhinestone-bedazzled wonderland of late-1990s San Francisco-attending Halloweens on the Castro, drinking smuggled absinthe with wealthy geeks, and plotting the revolution with feminist zinemakers. But she found herself yearning for something she would eventually call God. As she began inhaling countless stories of spiritual awakenings of Catholic saints, Buddhist nuns, medieval mystics, and Hasidic masters, she learned that taking that yearning seriously would require much of her. Surprised by God is a religious coming-of-age story, from the mosh pit to the Mission District and beyond. It's the memoir of a young woman who found, lost, and found again communities of like-minded seekers, all the while taking a winding, semi-reluctant path through traditional Jewish practice that eventually took her to the rabbinate. It's a post-dotcom, third-wave, punk-rock Seven Storey Mountain-the story of integrating life on the edge of the twenty-first century into the discipline of traditional Judaism without sacrificing either. It's also a map through the hostile territory of the inner life, an unflinchingly honest guide to the kind of work that goes into developing a spiritual practice in today's world-and why, perhaps, doing this in today's world requires more work than it ever has.

With honesty, sensitivity, and concern for biblical truth, Sproul addresses the afterlife and the role of suffering in human experience.

For years Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a Christian's future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He provides a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, all this will come as a great surprise. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation-and if this has already begun in Jesus's resurrection-the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.

A lawyer with a well-stamped passport and a passion for human rights, Lisa-Jo Baker never wanted to be a mom. And then she had kids. Having lost her own mother to cancer as a teenager, Lisa-Jo felt lost on her journey to womanhood and wholly unprepared to raise children. Surprised by Motherhood is Lisa-Jo's story of becoming and being a mom, and in the process, discovering that all the [what to expect] and [how to] books in the world can never truly prepare you for the sheer exhilaration, joy, and terrifying love that accompanies motherhood. Set partly in South Africa and partly in the US (with a slight detour to Ukraine along the way), Surprised by Motherhood is a poignant memoir of one woman's dawning realization that being a mom isn't about being perfect:it's about being present.
