By presenting the conditions, methods and techniques of monetisation of business models in the digital economy, this book combines implementation of the theoretical aspects of monetisation with the presentation of practical business solutions in this field. The scope of the book includes the relationship between the monetisation and scalability degree of business models. The book describes the place and role of the digital business ecosystem in the process of digital transformation. It demonstrates ideological and functional conditions for the use of the concept of sharing to design innovative business models while also presenting a multi-dimensional approach to the use of Big Data and their monetisation in the context of business models.

The Farmer and the Seed story was written in honor of those in life that fail to see the miracle of God's plans. Many times in life this has been myself. However, the solid truth of it all is that through devotion, prayer, & faithfulness God will bring anyone to where they need to be... but it takes time, sometimes many years, before the wondrous outcome is revealed. One has only to have the faith of a mustard seed; to make a difference down the line. Your life is your seed. What kind of "tree" will you be remembered as?
