Little did I know when starting this book that there would be little historical accuracy within its pages and little regard for the reader when the author was more bent on writing a farce than anything resembling a true to life story with well developed characters who speak in natural dialogue.

The Libraries Transform Book Pick is a popular digital reading program that connects readers nationwide by offering free access to the same ebook through public libraries. At the same time, it gives public libraries and the professionals working there opportunities to engage with readers about the ebook, as well as showcase digital collections and other library resources and programs.

In this book the author of On Having No Head investigates the most poignant problem our life poses - what lies at the end of it. He asks us to check four things. First, that to discover whether we are perishable, we must first discover what we are. Second, that outsiders are in no position to tell us this: they can only tell us what we look like at a distance. Third, that what we are is obvious as soon as we dare to look. And fourth, that we turn out to be in all respects the opposite of what we had been told. This revolutionary conclusion is arrived at by doing the nine "tests for Immortality" that form the backbone of the book. Then, our identity and immortality having been firmly established, we apply this knowledge to the fact of ageing and of dying itself, thus realizing their infinite potential for joy. Finally, the book explores in detail the true resurrection life - life lived in a Heaven which is none other than this earthly scene perceived as it is. 'The "open secret" is no longer secret. Douglas Harding's Little Book of Life nd Death makes the insights of the sages accessible to all. Courageous, personal and inspiring, this book asks the most difficult questions about life and death, and to our - and apparently even the author's - amazemnt, answers them. Like Harding's classic book On Having No Head, this work is written in a down-home, heartfelt syle. Read this book. Do the "experiments" which are Harding's unique and powerful contribution to what might be called the technology of enlightenment. Get ready to die, and to live anew.' Rober W. Fuller. Former president, Oberlin College. 'The literature on dying will never be the same again.' Ram Dass

Our ancestors gathered around a fire in a circle, families gather around their kitchen tables in circles, and now we are gathering in circles as communities to solve problems. The practice draws on the ancient Native American tradition of a talking piece. Peacemaking Circles are used in neighborhoods to provide support for those harmed by crime and to decide sentences for those who commit crime, in schools to create positive classroom climates and resolve behavior problems, in the workplace to deal with conflict, and in social services to develop more organic support systems for people struggling to get their lives together. A title in The Little Books of Justice and Peacebuilding Series.

If this little book has made its way into your life, you can trust that it wasn't by accident. This happy coincidence is a nudge from the Universe to remind you that you are awesome.Each chapter is filled with tiny bursts of insight to nourish your heart, warm your Soul, and help you to remember your true-self.If you find yourself asking big, deep life questions like, "What's my purpose?" and "Why am I here?" then you'll want to curl up with The Little Book of Big Knowing. Inside you'll be reminded:-Why you are here.-Who you are at your core.-Why your dreams matter to more than just you.Can you feel the gentle tug on your heart to know more? It's time. Take a breath, and lean in.

Profit from a powerful, proven investment strategy The Little Book That Makes You Rich is the latest book in the popular "Little Book, Big Profits" series. Written by Louis Navellier -- one of the most well-respected and successful growth investors of our day -- this book offers a fundamental understanding of how to get rich using the best in growth investing strategies. Navellier has made a living by picking top, actively traded stocks and capturing unparalleled profits from them in the process. Now, with The Little Book That Makes You Rich, he shows you how to find stocks that are poised for rapid price increases, regardless of overall stock market direction. Navellier also offers the statistical and quantitative measures needed to measure risk and reward along the path to profitable growth stock investing. Filled with in-depth insights and practical advice, The Little Book That Makes You Rich gives individual investors specific tools for selecting stocks based on the factors that years of research have proven to lead to growth stock profits. These factors include analysts' moves, profit margins expansion, and rapid sales growth. In addition to offering you tips for not paying too much for growth, the author also addresses essential issues that every growth investor must be aware of, including which signs will tell you when it's time to get rid of a stock and how to monitor a portfolio in order to maintain its overall quality. Accessible and engaging, The Little Book That Makes You Rich outlines an effective approach to building true wealth in today's markets. Louis Navellier (Reno, NV) has one of the most exceptional long-term track records of any financial newsletter editor in America. As a financial analyst and editor of investment newsletters since 1980, Navellier's recommendations (published in Emerging Growth) have gained over 4,806 percent in the last 22 years, as confirmed by a leading independent newsletter rating service, The Hulbert Financial Digest. Emerging Growth is one of Navellier's four services, which also includes his Blue Chip Growth service for large-cap stock investors, his Quantum Growth service for active traders seeking shorter-term gains, and his Global Growth service for active traders focused on high growth global stocks.

Typography is always one of the designer’s first considerations when it comes to making a statement, and in recent years the world of lettering and type has exploded in an unprecedented wave of creative discovery. Contemporary artists, typesetters, and designers of all kinds are exploring new horizons in illustrated and hand-drawn lettering, digitally rendered lettering, and 3D lettering. This collection—large in scope but petite in size—surveys the recent lettering renaissance, showcasing a diverse range of talent in gorgeous, eye-catching examples and profiling today’s innovators. In a stunning little package that expertly combines a handmade feel with a modern aesthetic, this is the ultimate inspirational collection of contemporary lettering for design buffs and type enthusiasts alike.

From the moment you drew your first breath, you were good enough. The Little Book of Good Enough will help you to quiet your inner critic, to ditch the doubt that has plagued you your whole life, and to reclaim your self-worth. It's time to set out on the path to the life you really want.

For readers of all ages, a charming fable about a bad little boy who meets a good little book. An ode to old favorites and printed books. While banished to a dusty study one day "to think things over", a boy pulls a book off a shelf and with great reluctance begins to read. As the afternoon passes, the story nabs him and carries him away. Before long, this good little book becomes his loyal companion, accompanying him everywhere ... until, one day, the book is lost. Will this bad little boy get back his good little book? Will the good little book survive on its own without a proper jacket? A quirky, enchanting tale of literary love and loss -- and love found again -- that will win the heart of even the most reluctant reader.

In our era of mass incarceration, gun violence, and Black Lives Matters, a handbook showing how racial justice and restorative justice can transform the African-American experience in America. This timely work will inform scholars and practitioners on the subjects of pervasive racial inequity and the healing offered by restorative justice practices. Addressing the intersectionality of race and the US criminal justice system, social activist Fania E. Davis explores how restorative justice has the capacity to disrupt patterns of mass incarceration through effective, equitable, and transformative approaches. Eager to break the still-pervasive, centuries-long cycles of racial prejudice and trauma in America, Davis unites the racial justice and restorative justice movements, aspiring to increase awareness of deep-seated problems as well as positive action toward change. Davis highlights real restorative justice initiatives that function from a racial justice perspective; these programs are utilized in schools, justice systems, and communities, intentionally seeking to ameliorate racial disparities and systemic inequities. Chapters include: Chapter 1: The Journey to Racial Justice and Restorative Justice Chapter 2: Ubuntu: The Indigenous Ethos of Restorative Justice Chapter 3: Integrating Racial Justice and Restorative Justice Chapter 4: Race, Restorative Justice, and Schools Chapter 5: Restorative Justice and Transforming Mass Incarceration Chapter 6: Toward a Racial Reckoning: Imagining a Truth Process for Police Violence Chapter 7: A Way Forward She looks at initiatives that strive to address the historical harms against African Americans throughout the nation. This newest addition the Justice and Peacebuilding series is a much needed and long overdue examination of the issue of race in America as well as a beacon of hope as we learn to work together to repair damage, change perspectives, and strive to do better.

One of the more frustrating aspects of buying a new digital video camera for consumers is trying to discover not only how it works, but how to shoot good movies with it right away. For most of us, we just want to turn on the camera and go, without spending too much time sorting through dense jargon and video editing software manuals. Here to guide the troubled newcomer to the exciting world of digital video is The Little Digital Video Book, 2e. This friendly, approachable guide will teach users the basics of shooting, organizing, and editing their own footage, with short examples so they can practice the techniques as they read through the book. This revised edition of the bestselling book on digital video is now in full color and completely updated for the modern beginning videographer. Users get a thorough grounding in the basics of digital video, but without all the jargon. Michael Rubin explains in under 200 pages all users need to know to get great shots, add sound, organize the footage, and use basic editing techniques. They will learn how to start and actually finish that video project they had in mind--in less than a day.

Provides a comprehensive explanation of how the economy works while examining the roots of the current crisis and offering advice to prevent future meltdowns.
