Beautifully written with a unique, fun and intriguing storyline, I loved every minute of this tale. "The Note" was a perfect pick-me-up to lift my slightly sagging spirits - the perfect balance of colourful prose, humour, contemplations on life and the spice of romance without being soppy. Thank you Zoe Folbigg! I eagerly await your next book.

The Illustrated story of a lonely alien sent to observe Earth, where he meets all sorts of creatures with all sorts of perspectives on life, love, and happiness, while learning to feel a little better about himself—based on the enormously popular Twitter account. Here is the unforgettable story of Jomny, an alien sent to study Earth. Always feeling apart, even among his species, Jomny feels at home for the first time among the earthlings he meets. There is a bear tired of other creatures running in fear, an egg struggling to decide what to hatch into, a turtle hiding itself by learning camouflage, a puppy struggling to express its true feelings, and many more. The characters are unique and inventive—bees think long and hard about what love means, birds try to eat the sun, nothingness questions its own existence, a ghost comes to terms with dying, and an introverted hedgehog slowly lets Jomny see its artistic insecurities. At the same time, Jomny's curious presence allows these characters to open up to him in ways they were never able to before, revealing the power of somebody who is just there to listen. Everyone's a Aliehn When Ur a Aliehn Too is also the story behind the widely-shared and typo-filled @jomnyun twitter account. Since the beginning, Sun intentionally tweeted from an outsider's perspective, creating a truly distinct voice. Now, that outsider has taken shape in the character of Jomny, who observes Earth with the same intelligent, empathetic, and charmingly naïve voice that won over his fans on social media. New fans will find it organic, and old fans will delight at seeing the clever words that made them fans in the first place. Through this story of a lost, lonely and confused Alien finding friendship, acceptance, and love among the animals and plants of Earth, we will all learn how to be a little more human. And for all the earth-bound creatures here on this planet, we will all learn how sometimes, it takes an outsider to help us see ourselves for who we truly are.

Samantha has mixed feelings when she has the opportunity to review the school play for the newspaper and feels the lead actress did not perform well.

Daniel and Olivia are destined to be together. At least, Daniel thinks this the night he sees Olivia across a sea of people, but can he find her again? This is a love story like no other. A tale of serendipity, missed chances and the power of love.

Everybody has their secrets. Who, for instance, is the hooded figure hiding in the bushes outside a young man's house? Why does the same stranger keep appearing in the background of a family's holiday photographs? What makes a woman stand mesmerized by two children in a school playground—children she's never met but whose names she knows well? All will be revealed . . . but at a cost. As Sophie Hannah uncovers the dark obsessions and strange longings behind the most ordinary relationships, life will never seem quite the same again.

"A simple story that reassures young kids that everyone-moms, dads, grandpas, grandmas, and more are somewhere, even if you can't see them."—Provided by publisher.

**Heart-warming, wonderful escapism and brimming with charm, I marvelled!** Christie Barlow. 'I absolutely LOVED this! The Note was fabulous and this follow-up was a real treat!' Mandy Baggot. The trip starts promisingly, with an opulent and romantic Indian wedding. But as their travels continue, Maya fears that 'love at first sight' might not survive trains, planes and tuk tuks, especially when she realises that what she really wants is a baby, and James doesn't feel the same. Can Maya and James navigate their different hopes and dreams to stay together? Or is love at first sight just a myth after all... Perfect for fans of One Day in December, Our Stop and Marian Keyes.
