The book comes with a general introduction where you will find the basics about polymer clay, tools and materials. It is then divided into 4 main subjects that go through specific techniques. This book, although it might not show every detail of every piece, really brings inspiration to people that like to create with clay.

The Art of Polymer Clay Millefiori Techniques: Projects ...

The techniques range from very basic to very complex (the cover art shows one of the more complex pieces). However, the eye for design, form and function enable us to envision our own work at this level. It's clear that all of us are capable of creating unique, beautiful and artistic pieces from polymer clay. This book will help us all get there.

The Art of Jewelry: Polymer Clay: Techniques, Projects ...

Well illustrated with works by polymer clay artists, they include projects for intricately pieced and shaped jewelry and art objects. The Polymer Clay Technique Book, in particular, has detailed step-by-step instructions for many techniques such as marbling, cutting, and making millefiori canes.

The Polymer Clay Techniques Book: Heaser, Sue ...

But the one that pulls ahead for me is the first polymer clay bead book I ever bought, Carol Blackburn's aptly named "Making Polymer Clay Beads." This book takes very basic and simple techniques and inspires new and intermediate artists how to make their own and even provides tips along the way. Photos are bold & colorful in this book.
