An explosive, erotic novel about two sisters, each of whom embarks upon a voyage into the heart of evil and a game with a seductive man who knows no rules or limits. Only one returns. Successful, attractive, and in control, Nora seemed so different from her shy, terribly vulnerable younger sister. Grieving for Franny, Nora reads her diary and is stunned when it reveals a secret sadomasochistic affair with a mysterious professor known only as M. Nora vows to seek justice for the sister she never really knew and undertakes a daring scheme to seduce this lethal and manipulative man in the hope of uncovering information about the murder. Instead, she finds herself in thrall to his bizarre sexual magnetism, trapped in a passion so dark and perverse, and yet so compelling, that she is willing to risk her life. And she is in danger, although it may be from someone much closer to her than M., someone so close she might not see it until it is too late. With an ending as startling as it is haunting, Topping From Below is unlike any novel you're ever read. Ever.

Liam and Alison Spencer are both in their late-thirties, have been husband and wife for 15 years, but have no children. They first had eyes for one another whilst at secondary school in Port McCroogon on the East coast of Scotland, which happened to be where both their families lived, but after getting their Highers, ended up sharing a flat in Edinburgh whilst studying at university. Three years later, Liam attained a BSc, whilst Alison got her BA and both found jobs that weren't too far apart from one another.Earning their own incomes had been their trigger for getting married and the inevitable search for a place they could call their own, and as luck would have it, discovered a semi-remote cottage in the Borders region that was up for auction, but it required extensive renovation work to bring it up to a habitable standard. Both their parents' contributed towards the initial cost, leaving the happy couple to use what little savings they had to begin the restoration, but, as with most projects, they experienced pitfalls that meant more and more money was needed if they ever wanted to see their project finished.The happy couple hit on an idea to combine their knowledge, education and experience to start their own business that, at first, was a struggle, but they persevered and it soon grew into a relatively successful enterprise whereby they offered their services on a consultative basis and dealt with all the administration themselves. Times were good.Their consultation services found them accumulating slightly better incomes than those they'd earned when salaried employees, but most of their new-found wealth was plunged into the house. They, mainly Liam, also got into the habit of living to the limit of their means, buying expensive things that they really didn't need, which then led to them taking out joint loans, inescapably plunging them into considerable debt. It was okay though, they'd keep on working and eventually pay it all off, which seemed a good, sensible plan, except they'd not accounted for a recession coming along!Companies scaled back dramatically on outsourcing certain services and bringing in consultants was a luxury they could do without. It wasn't just the odd company either; it was the entire Spencer's portfolio of companies. On the good side, the house was paid for and their families had been paid back, yet on the bad side, they found it increasingly difficult to repay the loans they'd taken out. Needless to say, Liam and Alison were suddenly in severe debt and with their primary source of income all but gone, times ahead were certainly going to be a challenge...

I used to be the hottest dominatrix in Manhattan, until I quit the BDSM scene to become a magazine editor in Brooklyn. I was a good girl for a while, and kept my nose clean.Then Mason Bryant came along. A handsome billionaire alpha male, he's tall, broad-shouldered, and irresistibly arrogant. He just purchased Chantel, the world's most prestigious fashion magazine, which also happens to be going out of business.Mason's plan for the magazine? He wants me to save it by becoming his new editor. The position, of course, comes with strings attached. And handcuffs, and spreader-bars, and anal plugs, and all sorts of nasty things.Just so you know, I'm taking the job. I'm sure he'll make me earn the position.I will make him proud, in more ways than one. Old habits die hard.

Zac Topping's Wake of War is a timely account of the lengths those with power will go to preserve it, and the determination of those they exploit to destroy everything in the name of freedom anew. "I just hope I'm on the right side of history." The United States of America is a crumbling republic. With the value of the dollar imploding, the government floundering, and national outrage and resentment growing by the hour, a rebellion has caught fire. The Revolutionary Front, led by Joseph Graham, has taken control of Salt Lake City. In a nation where opportunity is sequestered behind the gilded doors of the rich and powerful, joining the Army seemed like James Trent's best option. He just never thought he'd see combat. Now Trent finds himself on the front lines fighting for something he doesn't even know if he believes in. Destroying innocent lives wasn't what he signed on for, and he can feel himself slipping away with every casualty. Sharpshooter Sam Cross was just fourteen when American soldiers gunned down her parents and forced her brother into conscription. Now, five years later, retribution feels like her only option to stitch the wound of her past. She has accepted Joseph Graham's offer to be his secret weapon. His Reaper in the Valley. But retribution always comes at a cost. When forces clash in Salt Lake City, alliances will be shattered, resolve will be tested, and when the dust clears nobody will be able to lie to themselves, or be lied to, again. Agatha Christie meets Jane Austen in this atmospheric Regency tale brimming with mystery, intrigue, and romance. When Miss Rebecca Lane returns to her home village after a few years away, her brother begs for a favor: go to nearby Swanford Abbey and deliver his manuscript to an author staying there who could help him get published. Feeling responsible for her brother's desperate state, she reluctantly agrees. The medieval monastery turned grand hotel is rumored to be haunted. Once there, Rebecca begins noticing strange things, including a figure in a hooded black gown gliding silently through the abbey's cloisters. For all its renovations and veneer of luxury, the ancient foundations seem to echo with whispers of the past--including her own. For there she encounters Sir Frederick--magistrate, widower, and former neighbor--who long ago broke her heart. When the famous author is found murdered in the abbey, Sir Frederick begins questioning staff and guests and quickly discovers that several people held grudges against the man, including Miss Lane and her brother. Haunted by a painful betrayal in his past, Sir Frederick searches for answers but is torn between his growing feelings for Rebecca and his pursuit of the truth. For Miss Lane is clearly hiding something. . . .
