The outbreak of COVID-19 and continuation of social distancing measures have brought to light a variety of issues concerning the signing and execution of wills. Consequently, the legal world has had to resort to digital means in order to sign such documents. One of the key digital means is the use of electronic signatures instead of handwritten or wet-ink signatures.

The urgency of addressing climate change was at the core of Biden's platform. As a result, we can expect to see climate change permeate all aspects of a Biden Administration's policies – from environmental policy, to public lands management, to tax and economic policy, to federal enforcement of environmental laws.

~~What A Biden Administration Will Mean For US Climate ...~~

One approach is to allow for electronic wills while putting safeguards in place to help formalize the electronic will-making process: two notable safeguards include having one of the two witnesses required by the Succession Law Reform Act to be a member of the Law Society of Ontario, as well as having the will stored by a “qualified custodian” (i.e. an electronic will storage service). In ...
